

Shakespeare on the Saskatchewan

Requires a Technical Director/House Technician

May 21 – August 23 2019

\$640.00 / week

Duties and responsibilities include but are not limited to:

- Reporting directly to the Production and Site Manager, and/or Production Stage Manager: work alongside festival staff and design team to construct, support, and maintain all technical elements of the Festival site. Perform duties of Technical Director such as:
 - Assist in setting up and striking of Festival tents.
 - Supervise crew and participate in the construction of seating units, stages, and scenery in Festival tents as well as other carpentry required on the Festival site.
 - Purchase incidental materials required while paying strict attention to budget.
 - Assist in the move from rehearsal hall to site.
 - Supervise and assist in the installation of lighting, sound, and other technical equipment on site as required.
 - Assist Community Stage Producer with lighting and sound requirements for Community Stage.
 - Assist in maintaining an attractive Festival Site.
 - Assist in the supervision of maintenance and security staff.
 - Assist with final strike of the Festival Site including move to storage.
 - Other duties as assigned.
- Perform duties of House Technician for season's performances:
 - Operate lighting and sound cues under direction of stage manager
 - Perform pre-show audio, lighting, and other technical checks as required.
 - Changeover of set as required.
 - Assist in maintaining cleanliness of stage.
 - In consultation with the stage manager, prepare tent prior to performance as required by weather.
 - Assist in maintenance of set and props during the production runs. Including but not limited to: paint touch ups, minor prop and set repair, replacing and refocusing lights as needed.
 - Other duties as assigned by Production and Site Manager, Production Stage Manager and/or Artistic Producer.
